### **Bradley K. Webster Shelter**

Bradley K Webster was one of the original founding members of the Tillamook County Parks Advisory Committee. He joined the committee in 1993 and was a member until 2014. His enthusiasm and love of parks were a vital part of the Parks Advisory Committee's dynamics for 21 years.

Bradley Webster was a long-time advocate of building a community shelter where members of the public could gather and recreate in all weather conditions. The community shelter was built in large part due to his advocacy.
